

PHOTOFLEX®

LiteStand Family

All aluminum, interior clutch key braking collars for added support and durability.

LiteStands

Our all-metal LiteStands are built to withstand the rigors of constant usage. The newest addition to our line is the Compact LiteStand, which uses a reverse leg folding technology so that it can be stored in a smaller carry case or backpack. It uses heavy duty pinch style collars and larger diameter tubing than other stands of its type. All our other LiteStands use heavy duty tubing, aluminum screw-driven braking collars and wide bases for added support when using a softbox. Our Extra Small LiteStand can be used as a low level back-light stand or it can be lifted from the folding base to use as a hand-held LiteReach in situations where a LiteStand is not appropriate.

Size	SKU	Weight	Extended Reach
A. Extra Small	870580 (LS – B2200)	2.6 pounds	2 feet, 8 inches, 86 centimeters
B. Small	870583 (LS – B2212)	4.1 pounds	6 feet, 5 inch, 199.3 centimeters
